

Features

- * 6 Accelerometers
- * USB Interface
- * Nylon/Lycra Glove
- * Software Development Kit

Benefits

- * 18 DOF Motion Capture
- * Flexible, Comfortable, Form-fitting, Lightweight
- * Usability - Plug-and-Play
- * Programmable - Develop your own applications or integrate with existing ones

Control at Hand

Defense & First Responders

- * Integration into Warfighter/Responder Gear
- * Non-line-of-sight Communication
- * Intuitive Robot Control
- * Gesture Communication
- * Training and Simulation

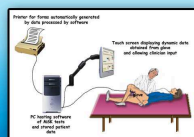

Gaming & Virtual Reality

- * Integration of Hand Gestures into Programs
- * Control of Avatars
- * Sports Games

Medical

- * Training
- * Rehabilitation
- * Telemedicine

Research & Development

- * Software Development
- * Alternative Input Device
- * Access to Raw Data Stream
- * Application Development
- * Gesture Capture
- * Motion Capture
- * Virtual Reality
